Product description

Rosa is a sandbox belonging to the ABC product family, complemented by a low slide, a tabletop and a toy box. There are steps leading to a low (570 mm) platform and the adjoining slide. Behind the slide there is a box for storing toys. By the side of the sandbox there is a small tabletop for playing on. One face of the tabletop has a car-racing track and the other a play stove. The visible face must be chosen on installation, but the tabletop can easily be flipped over at a later stage. The tabletop is strong enough for an adult to sit on, to assist a toddler on the slide. Beneath the table is a round peephole. On the side of the slide there is a turning disc that reveals small pictures. Sandbox play particularly develops a child's sense of balance and spatial perception.

1 tower (+570 mm), slide (+570 mm), stairs, sandbox (2400 mm x 1200 mm), play table, toy box, peephole, peephole pictures

Accessory: Sound floor for ABC 60M, Product number 200420
