Product description

A wooden sandbox with clean lines, 2,100mm x 3,150m in size. With its wide side walls, this sandbox offers children an opportunity to test their balance and provides a comfortable seat for adults. The opposite corners of the sandbox are equipped with seating plates/plates for sand cakes, painted in effect colours.

The side walls of the sandbox are made of HPL panels, which are durable against wear and different weather conditions. The sandbox offers children a good opportunity to use their imagination and improve their three-dimensional perception.
